DRIXINE® PureSea™

BABY NASAL SPRAY

20 ml ISOTONIC

What is DRIXINE® PureSea™ Baby and when should you use it?

DRIXINE® PureSea™ Baby is a sterilised diluted isotonic solution of seawater high in trace elements. It is a safe, simple and effective way of cleansing the delicate noses of babies and children from secretions, that may contain allergens, viruses and bacteria. DRIXINE® PureSea™ Baby is adapted for use in little noses of children and babies 2 weeks of age and older. The spray is very gentle and is safe to use several times a day, and over an extended period of time.

The product is free of propellants in order to maintain a pleasant temperature for use.

Contains no preservatives or chemical additives.

DRIXINE® PureSea™ Baby

- GENTLY cleanses and hydrates baby's noses, restoring easy breathing.
- REMOVES secretions, that may contain allergens, viruses and bacteria and helps to protect against colds and allergies.

DRIXINE® PureSea™ Baby is also recommended for preparing the nasal passages for the use of other nasal treatments.

Before using DRIXINE® PureSea™ Baby

Use only as directed. After any kind of surgery or accident, ask your doctor for advice.

DRIXINE® PureSea™ Baby is recommended for children and babies 2 weeks of age and older.

How to use DRIXINE® PureSea™ Baby

1. Tilt the container on one side; press the nozzle once firmly for at least one second.
2. Repeat this operation until obtaining the first spray.

LEAFLET

3. Insert the nozzle into the baby's nostril and turn and slightly elevate the baby's head to one side so that the solution will run out. Press the nozzle.
4. Turn the baby's head to the other side, and repeat into the other nostril.
5. Wait a few seconds before wiping out the solution and mucous with a tissue or blowing the nose.

Use DRIXINE® PureSea™ Baby as often as required to obtain the desired relief.

Also available

DRIXINE® PureSea™ Nasal Hygiene for adults and children over 3 years of age.

DRIXINE® PureSea™ Nasal Spray for adults and children over 6 years of age, who suffer from a blocked nose.

Warnings

Keep out of reach of children.

Do not use after the expiry date, which appears on the container and the carton.

Use within 6 months after first spraying.
