DRIXINE® PureSea™

NASAL HYGIENE

75 ml ISOTONIC

What is DRIXINE® PureSea™ Nasal Hygiene and when you should use it?

DRIXINE® PureSea™ Nasal Hygiene is a sterilised diluted isotonic solution of seawater high in trace elements. It is a safe, simple and effective way of cleansing the nasal passages (or nose). DRIXINE® PureSea™ Nasal Hygiene is well adapted for use in even the most fragile mucous membranes in the nose and may be used several times a day, for extended periods of time.

Contains no preservatives or chemical additives.

DRIXINE® PureSea™ Nasal Hygiene

- CLEANSSES secretions, that may contain allergens, viruses and bacteria from the nose and helps to protect against colds and allergies.
- HYDRATES nasal mucosa for comfortable breathing.
- RESTORES healthy nasal breathing.

DRIXINE® PureSea™ Nasal Hygiene is also recommended for preparing the nasal passages for the use of other nasal treatments.

Before using DRIXINE® PureSea™ Nasal Hygiene

Use only as directed. After any kind of surgery or accident, ask your doctor for advice.

DRIXINE® PureSea™ Nasal Hygiene can be used by pregnant women and during breastfeeding.

DRIXINE® PureSea™ Nasal Hygiene can be used by adults and children from 3 years of age.

How to use DRIXINE® PureSea™ Nasal Hygiene

DRIXINE® PureSea™ Nasal Hygiene can be used irrespective of the container's position.

1. Attach the nasal tip to the container.
2. Standing over the basin, tilt and turn your head to one side.

LEAFLET

3. Carefully insert the nasal tip into the upper nostril and press on the container to release the solution.
4. Repeat the process for the other side/nostril.
5. Blow your nose. Repeat the process if necessary.
6. Wash the nasal tip in hot water after each use and dry it.

Use DRIXINE® PureSea™ Nasal Hygiene as often as required to obtain the desired relief.

Also available

DRIXINE® PureSea™ Nasal Spray for adults and children over 6 years of age, who suffer from a blocked nose.

DRIXINE® PureSea™ Baby for children and babies 2 weeks of age and older.

Warnings

Keep out of the reach of children.

Do not use after the expiry date, which appears on the container and the carton.

Do not expose to direct sunlight or heat to above 50 °C.

Pressurised canister: Do not puncture or incinerate even when empty.
